Most city enterprises fulfilled the first-quarter gross-production plan and also the plan for quantity of production of the most important types of products.

Among the leading enterprises which fulfilled the quantity-production plan for main types of products, introduced production of new items, increased labor productivity, and lowered production costs, and at the same time fulfilled the gross-production plan, are the following:

Plant imeni Voroshilov (director, Malenok); Plant imeni Il'ich (director, Maksimets); Plant imeni Sverdlov (director, Koval'chuk); "Elektroapparat" Plant (director, Kozlovskiy); "Elektrik" Plant (director, Izmozik); Plant imeni Kuybyshev (director, Okun'); Nevskiy Chemical Plant (director, Ogarkov); Paper Factory imeni Gor'kiy (director, Vinogradov); "Proletarskaya pobeda" Factory No 2 (director, Zharov); "Krasnoye znamya" Factory (director, Gutorov); and Factory imeni Mikoyan (director, Mazur).

Several enterprises failed to fulfill the quantity-production plan and to introduce production of new items. These plants include: Plant imeni K. Marx (director, Korochin); Plant imeni Engels (director, Tikhomirov); and Plant imeni Lenin (director, Moykin).

Some enterprises failed to meet the planned assortment of products and also increased production wastes. These include: "Krasnyy treugol'nik" Plant (director, Ozerov), Tire Plant (director, Parfenov), Plant of Technical Rubber Products (director, Faybishenko). The following enterprises permitted considerable waste in their production: "Proletariy" Plant (director, Dmitriyev), "Svetlana" Plant (director, Zakharov), Plant imeni Stalin (director, Kozharinov), Plant imeni Lepse (director, Agadzhanian).

The first-quarter 1949 plan for quantity of production of basic products, as compared with the first quarter of 1948, was completed as follows:

	1st Quarter 1949 in %	1st Quarter 49 in % of 1st Quarter 48
Steel	110	140
Rolled iron	112	153
Steam turbines (Ministry of Heavy Machine Building)	100	-
Heavy-duty hydroturbines	100	100
Turbodynamos	50	20
Diesel engines (Ministry of Heavy Machine Building)	78	350
Generators for steam turbines	67	100
Heavy-duty electric machinery	95	160
Electric motors, over 100 kilowatts	116	67
Electric motors, under 100 kilowatts	105	122
Synchronous generators, over 100 kilowatts	83	180
Power disconnection switches	101	135
Transformers	110	120
Power cut-out switches	102	157
Electric welding equipment	105	148
Explosion-proof electric motors	103	480
Hauling tractors	105	--
